Writing Assessment

Student's Guide

(ELIE1201- 1st Semester, A2)

1. Introduction to Writing Program in ELIE Course

This two-semester writing program is designed to develop students' academic writing skills progressively. In Semester 1, students will work at the A2 level, learning to write simple texts on everyday topics using brainstorming, outlining, and proofreading techniques. In Semester 2, the focus shifts to the B1 level, where students will produce well-structured paragraphs through brainstorming, outlining, revising, and editing. The program is based on the coursebook *Great Writing 2.*

2. Program General Objectives

- Help students develop foundational academic writing skills.
- Familiarize students with the elements of academic paragraphs and essays.
- Equip students with practical strategies such as brainstorming, outlining, revising, and editing.
- Support students in producing coherent and cohesive writing suitable for their academic level.
